# Top Selection

## only the best in lighting

*Top Selection is an exclusive, high-quality Massive line which offers elegant and timeless design at an affordable price. All products combine the warmth of decorative light with the sophistication of a modern, contemporary lighting fixture while still retaining their own specific personality. Living up to our high standards, the finishing of Top Selection products is outstanding, as is the quality of the bulb included.*

### Timeless design, premium quality

Top Selection offers a wide variety of articles, each unique in its own design. Whether you are looking for modern, attractive spots, classy wall lights or bold ceiling luminaires, you will find something to your liking in the Top Selection range. The collection is up-to-date thanks to an assortment of new products with a contemporary design which use energy saving bulbs and the latest Power LED technology.

Offering nothing but premium products, Top Selection prides itself on its high standards: not only are our products perfectly finished and made of nothing but materials of the highest quality, they also meet the strict European regulations, which grants them the EMEC label you can find on the packaging. All this ensures your Top Selection article's long lifespan. Furthermore, guaranteeing great quality and energy efficiency, and above all a perfect light output, all Top Selection articles are delivered with the Philips bulb that truly does your luminaire justice.

Last but not least, Top Selection takes user-friendliness very seriously: well-considered design and a manual containing clear mounting instructions help you to install your Top Selection product without any difficulties.
